How can I tell you how much I love you,
How can I say what words cannot say;
How can I tell you all that I need too,
What can I do to make you stay;

Please don't go away.

If I could only stop all the hurting,
If I could wash your tears away;
If I could only give you a reason,
To hold on tonight and day.

Wish you well, I wish you well;
I want you to know you're not alone,
Wish you well, I wish you well;
Whenever you go you're not alone ;
'Cause I'll be dreaming with open eyes,
Wishing you were here with me;
I'll keep believing that I'll wake up and,
You will be right by my side...
Right by my side

Everyone knows that nothing comes easy,
The deeper the heart the harder the fall;
I've got this feeling burning inside me,
Can't you see you're not alone.
Wish you well, I wish you well;
I want you to know you're not alone.
Wish you well I wish you well;
Whenever you go you're not alone.
Cause I'll be dreaming with open eyes,
Wishing you were here with me;
I'll keep believing that I'll wake up and,
You will be back,
You will be here,
You will be right by my side...
Right by my side...

How can I tell you how much I love you,
How can I say what words cannot say;
How can I tell you all that I need too,
What can I do to make you stay;

Right by my side...
Right...
Right by my side.
