Do you remember the time we used to spend
Doing what, we used to do back then?
But the only thing, that's different now
You won't admit your love, that's if you love me again

Every time I close my eyes, the visions reappear
And when I wake up you're not near
Could you fall in love with me again?
'Cause all I see is you, every time I close my eyes

When you look at me, I wish that you were mine once
again
'Cause now I love you more than I did then
And I'm hoping that we can mend it all back
'Cause when we're together, the spark is there
And the flame comes back

Every time I close my eyes, the visions reappear
And when I wake up you're not near
Could you fall in love with me again?
'Cause all I see is you, every time I close my eyes

Should I say this to you and just let it go?
Tell you what I feel and just let it show
No matter how hard that I think this through
My feelings are the same, I'm in love with you

Every time I close my eyes, the visions reappear
And when I wake up you're not near
Could you fall in love with me again?
'Cause all I see is you, every time I close my eyes

'Cause all I see is you, every time I close my eyes
Every time I close my eyes, every time I close my eyes
