You can be the doctor  
I can be the nurse  
We'll have a little checkup  
And find out where it hurts  
Or let's be super heroes  
Together save  
The world  
You can be the x-man  
And i'll be super girl  
I've got fun things on my list  
And you're the one i wanna do them with

So come on  
Come on over to my house  
Come on over and play  
Right away  
Come on over to my house  
And let's play  
Come on  
Come on over my house  
Come on over and play  
Right away  
Come on over to my house  
I'll share my toys baby

I got a secret cubby  
Where no one else has been  
But if you play real nice  
I might let you in  
It could get rough and tumble  
And if you jump on me  
I'll use my ninja techniques  
To bring you to your knees  
You don't have many friends like me  
And you know how good a good friend can be

Chorus

I'll let you be king  
And i'll be your queen  
You can rule the people

And you can rule me

And when the playin's over  
We'll nod our sleepy heads  
We're gonna pack up our toys  
And go straight to bed
