I'll get you off on my kiss x2

You've never had a girl that's quite like
Quite like myself, that's why I'm here tonight
And all I think is about the things we get up to tonight
You like my moves, your danger
And I'd like to prove, that I can tame you down
And make you want, only one girl
What you think about that boy

(Chorus)

I'll get you off on my kiss
I'll get you up
I'll do baby almost anything
I'll get you up

You ask my name, and I can't answer
You ask again, but I don't play that way
Just move closer in my direction
That's what I'm talking about
You push for more, I take it slowly
What's the rush for, we got the time to spend
I want to know, you kind of like me
In a very special way

(Chorus)

I'll get you off on my kiss
I'll get you up
I'll do baby almost anything
I'll get you up

(Chorus)

I'll get you off on my kiss
I'll get you up
I'll do baby almost anything
I'll get you up

Suck... my... kiss, you know it baby
Suck... my... kiss, you know it baby

(Chorus)

I'll get you off on my kiss

I'll get you up
I'll do baby almost anything
I'll get you up
