Hmm yea
Hey Yea

Can You imagine?
What would happen?
If we could have any dream
I'd wish this moment
Was ours to own it
And that it would never leave
Then I would thank that star
That made our wish come true
(Come true) oh yeah
Cause he knows that
Where you are is where
I should be too

Chorus:

Right here, Right now
I'm looking at you and
My Heart love the view
Cause you mean everything

Right Here, I'll promise you Somehow that tomorrow
Can wait for some other
Day to be (to be)

If this was forever,
What could be better?
We already proved it was
But in 2, 123 hours
Blend in the universe
Gonna make everything
In our whole world change
(It's our change, yeah)
And you know that
Where we are will,
Never be the same oh no

Chorus:

Right here, Right now
I'm looking at you and
My Heart love the view
Cause you mean everything

Right Here, I'll promise you Somehow that tomorrow
Can wait for some other
Day to be (to be)

Oh we know it's coming
And it's coming fast
(As long as there's)
(You and me)(Oh yeah)
So lets make the our
Second last, make it last!

Right here, Right now
I'm looking at you and
My Heart love the view
Cause you mean everything

Right Here, I'll promise you Somehow that tomorrow
Can wait for some other
Day to be (to be)
But right now there's
You and Me(you and me)

Ohh you and me

But right here right now
There's you and me
