'Ve prayed  
I've cried  
Had faith  
And lied

I've cursed  
I've blamed  
Been hurt  
And shamed

Like a little child lost and alone  
I'm just trying to find... find my way home

(Chorus)  
Show me how to love  
School me in the art  
Tell me how to touch someone's heart  
Show me how to love  
Teach me in the ways  
Tell me how to make someone stay

I've ached  
Desired  
Stared in  
The fire

I've crawled  
I've fought  
Gave all  
And lost

I keep reachin for somebody's hand  
In a world I can't... can't understand

(Chorus)  
Show me how to love  
School me in the art  
Tell me how to touch someone's heart  
Show me how to love  
Teach me in the ways  
Tell me how to make someone stay

How to be the one in someone's eyes  
Be the only one day and night  
To be willing to give all mind body heart and soul or life  
After all my life waiting so long  
Does the answer lie here in your arms

(Chorus)

Show me how to love  
School me in the art  
Tell me how to touch someone's heart  
Show me how to love  
Teach me in the ways  
Tell me how to make someone stay
