She's not so sweet  
Looks kind of cheap  
She's got that orange tan  
Bleach blonde hair  
I can't believe that  
You'd even go there  
Why didn't I see this before

She can't be alone  
I should have known  
By the way she hangs off you  
The looks she shared  
And what they would lead to  
And now you're, you're knocking on my door  
How could you think that I'd forgive and forget

(Chorus)  
You have no problem sleeping with the enemy  
Oh no it's too bad  
You've made your bed so lie in it  
Get off your knees  
You'll never get me back  
Sleep with that

And though you can say  
It was a mistake  
You don't know how her clothes fell off  
It's not your fault  
You couldn't make her stop  
Why didn't I see this before  
You're no great catch  
So I'll through you back  
Your guilty face your attitude

Two more things I'd be happy to loose  
Now your knocking on my door  
What kind of fool do you take me for, your a bore

(Chorus)  
You have no problem sleeping with the enemy  
Oh no it's too bad  
You've made your bed so lie in it

So get off your knees  
You'll never get me back  
Sleep with that  
Sleep with that

You lost the best thing that you ever had  
And now your gunna have to sleep with that  
You made the decision for me aye  
Now I can go out and act no all day

(Chorus)

You have no problem sleeping with the enemy  
Oh no it's too bad  
You've made your bed so lie in it  
So get off your knees  
You'll never get me back  
Sleep with that  
Sleep with that
