friday night, i jumped the line
clubbing with my girlfriends
it's our time to shine
throw a few bones, wlk a few dogs
hanging in the corner, drink and laugh a lot
suddenly there's you
and my heart starts beating

chorus:

spin - everybody's doin' it
spin - everybody's full of it
spin - working their show time,
cheap line, all i really want is a good time
working their....
spin - everybody's faking it
spin - everybody's diggin' it
don't give me that shop talk,
just stop and show me what you really got

verse 2:

so you got a cool ride,
you got your own crib
you work real hard,
put your money in the jar
and you're proud of it
you better not lie, cause i ain't no fool
spinning lies to hypnotize ain't what i do and
suddenly there's you
and my heart's still beating

repeat chorus

bridge:

(i'm real) - all i want is honesty,
(i feel) when someone good is close to me
(let me know) did this moment feel like destiny?
or just a freeze frame, mind game,
playing with my heart

(ad libs)

everybody's doin' it

everybody's full of it - spin
everybody's faking it
everybody's diggin' it - spin

repeat chorus (x2)
