Yellow Dog

Tell me where you need to go
Kick me if a move to slow
Hear me listen with your mind
See me even if you're blind

Will you walk with me right now?
Will you talk to me this time?
I can take away the fog
Waiting for my yellow dog

Tell me about the things you hide
Trust me and I'll be by your side
Don't lie to me or to yourself
Don't cry don't lay this on the shelf

I always try to make things right
Though it seems to be for nothing
It's hard to accept the fact that
You may not want me

Think I'll keep on treating you this way
Even though it may not change you
Well thats my only chance

Read my lips and listen if you can
You try to be so damn cool
Look inside analyse yourself
Then you'll see you and me
