That's it, there is no other way  
It's over, good luck  
There is not much to say  
It's only words and my feelings  
Won't change

All that you want to give  
It's too much, it's so heavy  
There's no peace

All that you want from me  
Unreal, expectations, unfaithful

That's it, there's no other way  
It's over, good luck  
I have nothing left to say  
It's only words, and what I feel won't change

All that you want to give  
It's too much, it's so heavy  
There's no peace

All that you want from me  
Unreal, expectations, unfaithful

Keep yourself together, trying to get over  
This person, who speaks to you  
We're not on the same page  
Try to see it my way  
There are so many special people

Now even if you hold yourself  
I want you to get cure of this person  
Who advices you, there is a disconnection  
See through this point of view

There are so many special people in the world

So many special people in the world  
In the world, in the world

All that you want to give  
It's too much, it's so heavy  
There's no peace

All that you want from me  
Unreal, expectations, unfaithful

I'm falling, falling, falling, falling  
Into the night, into the night
