How can it be done to love someone
And never have that person by your side
In my thoughts we use the sea alone
A perfect sunset postal card

Pray to God each day
Trying to forget
But the same request brings you back
My beautiful flower, my jasmine will be
All of my best kisses could be yours

Feel that in some way
You connect to me
Everytime I leave, you turn around
Gave myself completely
Standing here alone
Waiting on you, go or never more

It's all so clear
But out of here
The rain still calls your name
But deep within you could be loved
And everything will happen

Feel the undeniable gift of existence
There's no solitude, no pity
In this contemplation miracles of love
I feel a divine extension

It's all so clear
But out of here
The rain still calls your name
But deep within you could be loved
And everything will happen

And I wanna dance with you

Gonna dance with you
And I wanna dance with you
Gonna dance with you

Submitter's comments:Â

English version of "Amado", one of the three songs in that language included in the international version of the album "Sim"
