forgetting is hard  
when you're the only one  
forgetting is hard  
when you're the only one

when i look in your eyes  
and i still feel the same  
i know it's hopeless  
when i look to the sky  
and the stars spell out your name  
i know it's hopeless  
amnesia, really need ya  
i wanna lose my mind  
in a place that i won't find

[chorus]  
forgetting is hard  
when you're the only one  
forgetting is hard  
when you're the only one  
that made things easy  
you make things easy  
your the only one that eases me  
your the only one

i remember the times  
when my shoulder held your head  
and i would wonder  
how did they find  
such a perfect fit  
oh i remember  
(i never wanted to take you home)  
amnesia, really need ya  
i wanna lose my mind  
in a place that i won't find

[chorus]  
forgetting is hard  
when you're the only one

forgetting is hard

when your the only one  
your the only one that eases me

forgetting is hard  
when your the only one  
your the only one that eases me

forgetting is hard  
when your the only one, who makes things easy  
you make things easy  
your the only one that eases me  
your the only one

so call me now  
you know that you want to  
i need to hear your voice  
to talk me back into existence

so call me now  
you know that you want to  
i need to hear your voice

so call me now  
you know that you want to  
i need to hear your voice  
to talk me back into existence

so call me now  
you know that you want to  
i need to hear your voice

forgetting is hard  
when your the only one  
i need to hear your voice  
to talk me back into existence

forgetting is hard  
when your the only one  
i need to hear your voice  
to talk me back into existence

forgetting is hard  
when your the only one  
i need to hear your voice  
to talk me back into existence

forgetting is hard  
when your the only one  
i need to hear your voice  
to talk me back into existence

forgetting is hard  
when your the only one  
i need to hear your voice  
to talk me back into existence

forgetting is hard  
when your the only one  
i need to hear your voice  
to talk me back into existence

forgetting is hard  
when your the only one  
i need to hear your voice  
to talk me back into existence
