"Blue Morning"

can you see me here
red lights surround
break your silent stare
twist the shadows on the ground
wear your silent face
green eyes and all
smile and leave no trace
your drawings scrawled upon the wall

red laughter, blue morning
run after voices calling
red laughter, blue morning
still hear the voices calling

try to reach me here
you must be strong
master rising fear
the noises echoed far too long
walls of stone between
and sharper thorns
movement barely seen
your mask of courage ripped and torn
