If it's been just one of those days for you

Like it's been just one of those days for me

And the chaos is taking a hold on you

If the sky feels like it's falling on you

And the world feels like it's being untrue

Everybody is making the worst of you

And there's no where to run

And there's no where to numb the pain

It's all in the way you smile

All in the way you dare

All in the way you search for the sun in your day

In the way you dance

So baby, take a chance

There's a whole lot of fun it's coming your way

All in the way you smile

All in the way you dare

All in the way you search for the sun in your day

In the way you dance

So baby, take a chance

There's a whole lot of fun it's coming your way

It's all in the way...it's all in the way...

It's all in the way...it's all in the way...

When your boys got thrown in the lost and found

And the night to fight is a long way home

When you feel like all of your hope is gone

Look around you'll find that it ain't so bad

If you don't start now then you might regret

'Cause the answer is all in the way you care

With a smile you can run

And there's somewhere to numb the pain

It's all in the way you smile

All in the way you dare

All in the way you search for the sun in your day

In the way you dance

So baby, take a chance

There's a whole lot of fun it's coming your way

All in the way you smile

All in the way you dare

All in the way you search for the sun in your day

In the way you dance

So baby, take a chance

There's a whole lot of fun it's coming your way

If it's been just one of those days for you

Like it's been just one of those days for me

And your troubles are making a mess of you

With a smile you can run

And there's somewhere to numb the pain  
It's all in the way you smile  
All in the way you dare  
All in the way you search for the sun in your day  
In the way you dance  
So baby, take a chance  
There's a whole lot of fun it's coming your way  
All in the way you smile  
All in the way you dare  
All in the way you search for the sun in your day  
In the way you dance  
So baby, take a chance  
There's a whole lot of fun it's coming your way  
It's all in the way...it's all in the way...  
It's all in the way...it's all in the way...  
If it's been just one of those days for you  
Like it's been just one of those days for me  
And your troubles are making a mess of you
