Angel

by: Sarina Paris

Here in my eyes....

Your so insecure around me

Boy, I don't know why

When you know just how I feel

What can I do to show you it's real?

Shall I climb up to a mountain top

Or swim across the sea?

No body ever put on a body fly as you

That flying side of me

And as they rest

I tell you you're my angel

Fly with me my angel

Take me to your world

I'll show just how much you mean to me

Angel, fly with me my angel

Falling from the sky

And straight into my heart

Well I've been in and out

Of what I thought was love too many times

When you looked into my eyes
You made me weak
I quivered inside
Baby, you don't realize
When you are near I touch the sky
'Cause you came along
Put wings around my heart
Took me to the other side of love
Cause you're my angel
Fly with me my angel
Take me to your world
I'll show just how much you mean to me
Angel, fly with me my angel
Falling from the sky
And straight into my heart
Here in my eyes...
Cause you're my angel
Fly with me my angel
Take me to your world
I'll show just how much you mean to me
Angel, fly with me my angel
Falling from the sky
And straight into my heart
