You...

My phone's not ringin'

My doorbell isn't singin'

My bed is empty

I'm fragile, all I do is cry

Because you left me

And you didn't even want me

I'm lost and lonely

Can't live without you

You

Every beat of my heart

Every day of my life

Every thought on my mind

Every second every moment you

Every still of the night

Every wrong that was right

Every dream I denied

Every second every moment you

Every beat of my heart

Every day of my life

Every thought on my mind

Every second every moment you

Every tear that I cry

Every hope in my mind

Every fear that I hide

Every second every moment you

Every second every moment you

Every second every moment you

Every second every moment you

I'm hearin' footsteps

Outside my door I get up

A voice is hummin'

A tune it's soundin' like goodbye

I know I'll find you

No matter where you're hidin'

And so I wish for

A chance to find you

You

Every beat of my heart

Every day of my life

Every thought on my mind

Every second every moment you

Every still of the night

Every wrong that was right

Every dream I denied

Every second every moment you

Every beat of my heart

Every day of my life

Every thought on my mind

Every second every moment you

Every tear that I cry

Every hope in my mind

Every fear that I hide

Every second every moment you

Every second every moment you

Every second every moment you

Every second every moment you

You...

You

Every beat of my heart

Every day of my life

Every thought on my mind

Every second every moment you

Every still of the night

Every wrong that was right

Every dream I denied

Every second every moment you

Every beat of my heart

Every day of my life

Every thought on my mind

Every second every moment you

Every tear that I cry

Every hope in my mind

Every fear that I hide

Every second every moment you

Every second every moment you

Every second every moment you

Every second every moment you

You
