All the time, it's always on my mind
All the time, it's always on my mind

There are things that are runnin' through this young
girl's head
When I get up in the mornin, when I'm going to bed
When I'm driving in my car, when I'm talking on my cell
Crammin' for a final, or when I'm watching TRL

I think about love
I get distracted
When I think about hookin up with you
It gets all my concentration
Think about oooh, oooh
I go pre-occupied(?)
You've got me in a daze
I get distracted

{All the time, it's always on my mind}

When I'm standing in a line at the ATM
When I'm stirring the sugar in my cafe mocha blend
When the radio is playin a song like this
I float away somewhere dreaming of your kiss

I know it's crazy living in this fantasy
But I don't know how to break this spell you put on me
Trying to stay focused on the things I'm 'sposed to do
But before I know it my attention's back on you

I think about love {all the time}
I get distracted {it's always on my mind}
When I think about hookin up with you
It gets all my concentration
Think about oooh, oooh
I go pre-occupied(?)
You've got me in a daze
I get distracted, yeah
I get disconnected, yeah
{It's what I do, I think about you}
Distracted, yeah

Can't help myself {Can't help myself}
You've got me in a daze

I know it's crazy living in this fantasy
But I don't know how to break this spell you put on me
Tryin' to stay focused on the things I'm 'sposed to do
But before I know it my attentions back on you

I think about love {all the time}
I get distracted {it's always on my mind}
When I think about hookin up with you
It gets all my concentration
Think about oooh, oooh
I go pre-occupied(?) {just to be with you}
You've got me in a daze
I get distracted, yeah
What's a girl supposed to do
All I think about is you
Disconnected, yeah
{It's what I do, I think about you}
Distracted, yeah
Can't help myself
Disconnected, yeah

I think about love {all the time}
I get distracted {it's always on my mind}
When I think about hookin up with you {hookin up with
you}
It gets all my concentration {it's all I wanna do}
Think about oooh, oooh
I go pre-occupied(?)
You've got me in a daze
I get distracted
Disconnected
I get distracted
