Watch them flee

Watch them flee

Rap up

Watch them flee

Hip-Hop hits

do it like this

It's going down

The rhythm projects 'round the next sound

Reflects the complex hybrid dialect now

Detect the mesh of many elements compressed down

The melting pot of a super-future X-style

The combination of a vocal caress

With lungs that gasp for breath

From emotional stress

With special effects

And a distorted collage

Carefully lodged between beats of rhythmic barrage

Pre-Chorus:

It's going down

The logical progression on a the timeline

The separation narrowed down to a fine line

To blur the edges so they blend together properly

Take you on an audible odyssey

Now it's going down

A logical progression on the timeline

The separation narrowed down to a fine line

To blur the edges so they blend together properly

Take u on a an audible odyssey

Now it's going down

Chorus:

put it out for the world to see

LP and x-men to the 10th degree

its goin down

nobody in the world to see,

when we melt down the wax in a wet decree

its goin down

And you do it like this

It's going down

Put put it up

It said it go- go- goes like this

And you do it like this

Its going down

Once again it is

Composed sentences all together venomous

The four elements of natural force

Projected daily through the sound of the source

Everybody on board with this blend
The sword with the pen
The mightiest is the weapons
Swinging right from the chin
The elevate of mental states
Long gone with the wind
To defend men for shoddy imitation pretends
It's going down
Stalence emulation readily
Trekking through the weaponry
Of the pure pedigree
Cleverly seeing through whatever is ahead of me
Whatever the weather be
We invent the steadily
It's going down to sub-terrestrial high
I rhyme regiment that's calling the shots
Execution of collaborative plots
Ready to bring the separation of style to a stop
Pre Chorus:
Chorus:
It's going down
X-men 'bout to blast off world wide
X- men 'bout to blast off world wide
And you do it like this
and u do it like this
