Stephen]

When I look into your eyes, theirs nothing there to see,
nothing but my own mistakes staring back at me.

[Mike]

(backwards)

Everything Falls apart, even the people who never
frown, eventually break down, everything has to end,
you'll soon find were out of time left to watch it all
unwind, everything falls apart, even the people who
never frown eventually break down

[Chester]

Ive lied to you, this is the last smile that I'll fake for the
sake of being with you

[Mike]

Everything Falls apart, even the people who never
frown, eventually break down, everything has to end,
youll soon find we're out of time,(for the sake of being
with you) left to watch it all unwind, Everything falls
apart, even the people who never frown eventually
break down

[Chester]

The sacrifice is never knowing why I stay with you, just
push away, no matter what you see, your still so blind,
to me

[Mike]

(backwards)

everything falls apart even the people who never..

[Chester]

I've tried like you, to do everything you wanted to, this is the last time I'll take the blame for the sake of being with you.

[Mike]

Everything Falls apart, even the people who never frown, eventually break down, (The sacrifice of hiding in a lie) everything has to end, you'll soon find we're out of time, left to watch it all unwind

[Chester]

The sacrifice is never knowing why I stay with you, just push away, no matter what you see, your still so blind, to me.

[Stephen]

Reverse psychology, is failing miserably, its so hard to be left all alone, telling you is the only chance for me, theres nothing left but to turn and face you, when I look into your eyes, theirs nothing there to see, nothing but own mistakes staring back at me, Asking why...

[Chester]

The sacrifice of hiding in a lie, the sacrifice is never knowing why I stay with you, just push away, no matter what you see, your still so blind to me. Why I stay with you, just push away, no matter what you see, your still so blind to me
