Rasco]

Uh, yeah.

[Mike]

Why does it feel like night today, something in here's
not right today

Why I am so uptight today, paranoia's all I got left

I don't know what stressed me first or how the pressure
was fed

But I know just what it feels like to have a voice in the
back of my head

Like a face that I hold inside, a face that awakes when I
close my eyes Face that watches every time I lie, face
that laughs every time I fall

and watches everything

So I know that when its time to sink or swim

The face inside is hearing me right beneath my skin

[Chester]

Its like I'm paranoid looking over my back

Its like a whirlwind inside of my head

Its like I can't stop what I'm hearing within

Its like the face inside is right beneath my skin

[Rasco]

Hey yo, here we go again with the pain I feel isn't real
but in my mind

But I find myself in places with names, but not faces

My memory races at speeds hundred degrees

My soul it bleeds devil must have planted the seed

Now it feels like my backs against the wall, I'm taking
the fall

Whenever I call nobody's responding at all

But I don't know who I could trust they screaming my
name

I need somebody to help me out of the flame

[Planet Asia]

All I'm trying to do is just master me

all I want to do is smoke a blaster beat

but something keeps talking to me consciously

responsibly it keeps haunting me

From dusk till dawn

Everything has something for ya

That voice inside of your head got you projecting
Paranoia

cold sweat shining on your face exposing your purpose
and if I

ripped off your skin I'll probably find another verse

Its nothing worse than trying to bring yourself up back
from the dead

so I advise you listen to that voice in the back of your
head

[Chester]

Its like I'm paranoid looking over my back

Its like a whirlwind inside of my head

Its like I can't stop what I'm hearing within

Its like the face inside is right beneath my skin (2x)

[Mike]

The face inside is right beneath your skin (4x)

[Chester]

The sun goes down

I feel the light betray me

The sun goes down

Its like I'm paranoid..

I feel the light betray me

The sun...

[Mike]

Its like I'm paranoid looking over my back Its like a
whirlwind inside of my head

Its like I can't stop what I'm hearing within

Its like the face inside is right beneath my skin (2x)
