Chester]

Come on!!

[Mike]

I woke up in a dream today

to the cold of the static, put my cold feet on the floor

forgot all about yesterday

remembering I'm pretending to be where I'm not
anymore

a little taste of hypocrisy

and I'm left in the wake of the mistake slow to react

even though you're so close to me

you're still so distant and I can't bring you back

[Chester]

It's true the way I feel

was promised by your face

the sound of your voice

painted on my memories

even if you're not with me

I'm with you

You now I see keeping everything inside

With you

You now I see even when I close my eyes

With you (2x)

[Mike]

I hit you and you hit me back

and we fall to the floor the rest of the day stands still

fine line between this and that

but when things go wrong I pretend that the past isn't
real

I'm trapped in this memory

and I'm left in the wake of the mistake slow to react

even though you're close to me

you're still so distant and i can't bring you back

[Chester]

it's true the way I feel

was promised by your face

the sound of your voice painted on my memories

even if you're not with me

I'm with you

You now I see keeping everything inside

With you

You now I see even when I close my eyes

With you (2x)

[Aceyalone]

I won't let you control my fate

while I'm holding the weight of the world on my
conscience

I won't just sit here and wait

While you weighing your options you're making a fool
of me

you didn't dare try to say

that you don't care you solemnly swear not to follow me
there

It ain't like me to beg on my knees

oh, please, oh baby, please that's not how I'm doing
things

no I'm not upset, no I'm not angry

I know love is love, love sometimes it pains me

With or without you I'll always be with you

you'll never forget me, I'm keeping you with me

no I won't let you take me to the end of my rope while
you burn

and torture my soul

No I'm not your puppet and no, no, no I won't let you go

You now I see keeping everything inside

With you

You now I see even when i close my eyes

With you (2x
