We should kill 'em, would be thrillin'. Just to kill 'em.
Let's hunt him down! And shoot him in the head!
Let's beat the crap outta Saddam!
Let's hunt him down! And shoot him in the head! Bomb
Iraq into the ground!
Let's hunt him down! And shoot him in the head!
Let's beat the crap outta Saddam!
Let's hunt him down! And shoot him in the head! Bomb
Iraq into the ground!
Don't screw with the USA.
Don't screw with the USA.
Now if he does attack, we're gonna drop a stack, of
missiles on Iraq, and
get him off our back. And if he won't let us look for all
his nerve gas,
the US army is going to kick him in the ass!
We should destroy, should destroy that Iraqi boy.
We should destroy, should destroy that Iraqi boy.
Let's hunt him down! And shoot him in the head!
Let's beat the crap outta Saddam!
Let's hunt him down! And shoot him in the head! Bomb
Iraq into the ground!
Let's hunt him down! And shoot him in the head!
Let's beat the crap outta Saddam!
Let's hunt him down! And shoot him in the head! Bomb
Iraq into the ground!
