To touch the sky  
A dreamer must be  
Someone who has more  
imagination than me

To reach the stars  
A dreamer must fly  
Somehow he must live more of a  
lifetime than I  
For sands of time won't wait  
And it may be too late

Now it is the hour and the moment  
Don't let the chance go by  
Your ship is sailing with the high  
tide  
And all your dreams are on the  
inside  
On the inside looking out, on the  
inside, looking out  
Looking out, looking out, looking  
out

To change the world  
A dreamer must be  
Someone who has more  
determination than me

To free his soul  
A dreamer must fly  
Somewhere he must find a better  
reason than I  
The hands of time won't wait  
And we may be too late

Now is the hour and the moment  
Don't let a day pass by  
Your ship is sailing with the high  
tide  
You could be standing on the  
inside

On the inside looking out, on the  
inside, looking out  
On the inside looking out, on the  
inside, looking out  
Looking out, looking out, looking  
out
