Lead vocal--Eric Woolfson

Nothing's good the news is bad  
The heat goes on and it drives you mad  
Scornful thoughts that fly your way  
You should turn away 'cause there's nothing more to say

You gave the best you had to give  
You only have one life to live  
You fought so hard you were a slave  
After all you gave there was nothing left to save

You've got nothing left to lose (you've got nothing left to lose)  
No you've got nothing left to lose (who'd wanna be standing in your shoes)

You read the book you turn the page  
You change your life in a thousand ways  
The dawn of reason lights your eyes  
With the key you realise  
To the kingdom of the wise

You've got nothing left to lose (you've got nothing left to lose)  
No you've got nothing left to lose (who'd wanna be standing in your shoes)

Nothing ventured nothing gained  
No more lingering doubt remained  
Nothing sacred or profane  
Everything to gain  
Cause you've nothing left
