When days are done and gone the sun
Believe in your people, just speak no evil
Feel your passions burn, for tides to turn
Believe in your people, just speak no evil
Just speak no evil

All for one, one for all's the message
Keep you strong, standing tall
Forever facing fears, drying tears
Together, hear me!

A nation torn by courage born
Believe in your people just speak no evil
Just speak no evil

When days are done and gone the sun
Believe in your people, just speak no evil
You will come to see your destiny
You must believe in your people, just speak no evil
Just speak no evil

All for one, one for all's the message
Keep you strong, standing tall
Forever facing fears, drying tears
Together, hear me!

The lines are drawn, which side are you on
Believe in your people, just speak no evil
Just speak no evil, just speak no evil
Just speak no evil
