### "Power And The Greed"

I am so tired of living in this place  
Just wanna get out of the rat race  
Don't want to live any monarchist dream  
Don't wanna live here because I am anti Queen  
I'm anti Queen  
I cant take much more ???  
I'm anti Queen and I don't give a shit about what they  
preach  
The Royal family takes the money that you need  
To pay for ??? and to pay for the greed  
So do you think this systems fair  
When you can't afford the clothes you wear  
They got mansions and so much land  
???  
No power its all a game  
What we need to do is take away their rights  
What we need to do is stand up and fight  
???  
So don't believe a word they say
