Here I sit all alone, thinkin bout what I should have known.
You made me think that I could need you.
You weaved your magic spell and I believed you.
Lookin back on you and me, promises that will never be.
I truly thought we were lovers,
but now I find that I'm just like all the others.
Heartbreaker, wish that I had seen that love was blind,
sweet little love maker, takin my heart and leave me behind.
Heartbreaker couldn't you be,
just a little more kind to me..
Played with fire, felt its burn,
I would have thought that I would have learned.
I melted every time you kissed me.
every time you'd leave I thought that you would miss me
Heartbreaker, wish that I had seen that love was blind,
sweet little love maker, takin my heart and leave me behind.
Heartbreaker couldn't you be,
just a little more kind to me..
