Ever since the moment that I met you  
You've been on my mind  
And I need to  
Somehow let you know that I think about you all the  
time  
So when you think about love, think about me  
I can give you more than you'll ever need  
Sooner or later every heart needs some company  
When you think about love, think about me  
When you think about love, think about me  
We were strangers  
Now I'm already wrapped around your finger  
Oh what's a heart to do  
'Cause it lingers  
At the thought of you want me as much as I want you  
So when you think about love, think about me  
I can give you more than you'll ever need  
Sooner or later every heart needs some company  
When you think about love, think about me  
When you think about love, think about me  
(BRIDGE)  
Makes me blue  
I'm not holding you tonight  
'Cause only you can satisfy this heart of mine  
So when you think about love, think about me  
'Cause I can give you more than you'll ever need  
Sooner or later every heart needs some company  
So when you think about love, think about me  
When you think about love, think about me  
'Cause I can give you more than you'll ever need  
Sooner or later every heart needs some company  
When you think about love, think about me  
When you think about love, think about me  
'Cause I can give you more than you'll ever need  
Sooner or later every heart needs some company  
When you think about love, think about me  
When you think about love, think about me  
'Cause I can give you more than you'll ever need  
Sooner or later every heart needs some company  
When you think about love, think about me  
When you think about love, think about me
