Another holiday from all the vampires
And all the sycophants caught on the highwire
So sexy, sexy babe you know i need some
To pass the time away to get relief from
All this life that's filled with wanton tragedy.
Just like a runaway with no escape zone
You'd think i'd find a way you'd think i'd fake one
But all my life's been filled with wanton tragedy
Where's my angels I'm a naked soul
Where's my angels I'm a naked soul
So just for heaven's sake i'll try to face this
It's just a chance you take to get a last kiss
So sexy, sexy babe you know i need some
To pass the time away to get relief from
All this life that's filled with wanton tragedy
Where's my angels I'm a naked soul
Where's my angels I'm a naked soul
Now don't you hide from me
Don't you hide from me
Don't you hide from me
All my life's been filled with wanton tragedies

Where's my angels I'm a naked soul

Where's my angels I'm a naked soul

Now don't you hide from me

Don't you hide from me

Don't you hide from me

Don't you hide from me

Please don't
