holding on once again  
take the time to look around  
is it all in vain  
can't you see  
stay with me  
i need you now to stop the rains  
but you want to know how it feels  
until you have felt the same  
stay with me  
can't you see  
don't let me down stay with me  
don't leave me now stay with me  
when darkness descends it's all you see  
don't let me down stay with me  
you tell me what you want  
she's drawing down the moon  
i can see it in her eyes  
i think it's too soon  
she's drawing down the moon  
she should turn away  
i think it's too soon

can't she hear me when i say

don't let me down stay with me

don't leave me now stay with me

when darkness descends it's all you see

don't let me down stay with me
