"The Bazaar"

Silence swimming in a pool of dreams
Beneath its depths forgotten streams
Above, the city of the evening star
Behind its walls, the grand bazaar
As she walks through its endless maze
Cursing those who mistrust her ways
Please my friend no matter what she sees
Tell my lover come back to me
Doorways spilling out their sombre light
Casting shadows that will raid the night
Along the alley of her ruling fears
Walk the vision that will cause her tears
Lying still as she wills her glance
Though the eyes of a charmer's trance
Please my friend no matter what she sees
Tell my lover come back to me
And on the walls
Shadows play
Twilight souls
Anguished ways
Lost adrift

Severed seas

I await you

Come to me
