I can't scare the fog
But I can see the right from the wrong
I can't feel my bones
But I can hear the steps at the door

Before, before I go to sleep
Before, before I go to sleep

Take my hand and hold me tight
Don't forget my name and my eyes
You were the only right thing to do
I think I'm flying high

I can see the light
Where time is running fast and slow
Forget and forgive (She said)
That life is much more than I thought

Before, before I go to sleep
Before, before I go to sleep

Take my hand and hold me tight
Don't forget my name and my eyes
You were the only right thing to do
I think I'm flying high

But I'm with you
I'm with you
I'm with you

Before, before I go to sleep
Before, before I go to sleep
Before, before I go to sleep
Before, before I go to sleep

Take my hand and hold me tight
Don't forget my name and my eyes
You were the only right thing to do
I think I'm flying high

I will never let you go

You're still the love,
Of my life.
