In life
When you face hard times
When you feel alone
Where you can't see the light
Feel weak, for the everyday fight

There are times
When everything you've done
It's a waste and come undone
Feel ache in every bone

But when the glass is empty
You got nothing to loose
Just wake up! And kick it!
You got nothing to prove!

This life
Is only one
Don't stand aside
Don't waste it now
Don't waste it now

Don't lie
When you see your life
There's always a chance
Don't you say good bye
It's in the dark,
where you can see the light

There are times
Have no reasons to fight
When you found the truth
What else can you do?
So sue! It's up to you

But when the glass is empty
You got nothing to loose
Just wake up! And kick it!
You got nothing to prove!

This life

Is only one
Don't stand aside
Don't waste it now
Don't waste it now
Don't waste it now
