As I see I see something sexy,
Baby you so fine, girl if you'd let me
Maybe be your man, maybe be your boyfriend
Can I be your fucking boyfriend?
Can I be your boyfriend?
I love you, I love you

It ended on the bed, but started on the sofa
Just keep staring at that ass, and I'ma bend you over
Wanna bend you over, bend you over, bend you over
girl
Wanna bend you over, bend you over, bend you over
girl
Girl why you acting scared, just come a little closer
Girl I'ma lay you down, and I'ma turn you over
I'ma bend you over, bend you over, bend you over girl
I'ma bend you over, bend you over, bend you over girl

Something bout your style, there's something bout your
smile
Your tattoos your body, girl it drives me wild
She say, don't call it slack
She say she got that dough keep me running back
And girl you got me fiending, Shawty's all that I'm
seeing
Me and you, my fav boo, show you how a real nigga
pose to do
Get your nails done, get your hair dyed
I'ma take you shopping, on some foreign shit
I'ma take you shopping, that Louie, that Gucci, that
Fendi, that Prada
Girl I'ma buy you Prada girl, Jimmy Chus and Prada girl
that Gucci, that Fendi, that Gucci, baby come and do
me

It ended on the bed, but started on the sofa
Just keep staring at that ass, and I'ma bend you over
Wanna bend you over, bend you over, bend you over
girl
Wanna bend you over, bend you over, bend you over
girl

Girl why you acting scared, just come a little closer
Girl I'ma lay you down, and I'ma turn you over
I'ma bend you over, bend you over, bend you over girl
I'ma bend you over, bend you over, bend you over girl

See, I just wanna be your man boy
I ain' nothing like them other lame boys
I know you heard a lot of things
But they ain't like they all the same
I'm really trying to be your man
I hope you understand, understand, understand
Please give me one change, give me, give me one
chance
And I'ma show your girl, and I'ma love you girl
And I'ma and I'ma make you my whole world
And you my baby, my baby girl
Driving me crazy
I love you, I love you, I love you
Come here, I just wanna hug you

It ended on the bed, but started on the sofa
Just keep staring at that ass, and I'ma bend you over
Wanna bend you over, bend you over, bend you over
girl
Wanna bend you over, bend you over, bend you over
girl
Girl why you acting scared, just come a little closer
Girl I'ma lay you down, and I'ma turn you over
I'ma bend you over, bend you over, bend you over girl
I'ma bend you over, bend you over, bend you over girl
