You won't stay and you won't go
Love shouldn't be so complicated
You won't say yes, you won't say no
Yellow lights you've contemplated

Tell me when will you decide baby if it's you and I
Just can't keep me on the side forever
You think that our love is strong but I just can't keep
hanging on
What you going to do when tomorrow gone forever,
forever

You keep running in and out of my life
Hello goodbye, hey hey hey hey

You don't laugh and you don't cry
Love can't live without emotion
You don't reveal and you don't hide
Wearing your disguise out in the open

Tell me when will you decide baby if it's you and I
Just can't keep me on the side forever
You think that our love is strong but I just can't keep
hanging on
What you going to do when tomorrow gone forever,
forever

You keep running in and out of my mind
Hello goodbye
You keep running in and out of my mind
Hello goodbye

You're so hot and you're so cold
Love is here and then love leaves
And you switch so fast I don't know
If my head can handle the speed, tell me when

Tell me when will you decide baby if it's you and I
Just can't keep me on the side forever
You think that our love is strong but I just can't keep
hanging on
What you going to do when tomorrow gone forever

Tell me when will you decide baby if it's you and I
Just can't keep me on the side forever, forever

You keep running in and out of my mind
Hello goodbye
You keep running in and out of my life
Hello goodbye

You keep and you go, hello, hello goodbye
You keep and you go, hello, hello goodbye
You keep and you go, hello, hello goodbye
You keep and you go, hello, hello goodbye

You keep and you go, hello, hello goodbye
You keep and you go, hello, hello goodbye
You keep and you go, hello, hello goodbye
You keep and you go, hello, hello goodbye

Tell me when will you decide baby if it's you and I
Just can't keep me on the side forever
