Tonight you have no worries with me here
My time, my time is as free as your tears
Let them rise with the wind and fall on me tonight
You have no worries, no worries tonight

Remember the woman who locked herself into a lonely
room
'Cause she, she thought that she had no one
To make her feel like nothing less than a precious jewel

But you know that you are precious as the morning sun
You know that you are precious as the deep blue sea
Baby, you know you're the one most precious to me

You, you are the one I bet my love on
For my faith, for my faith I have nothing to show
But a wonderful taste in my mouth from loving you,
from loving you

Precious as the morning sun
Precious as the deep blue sea
Baby, you know you're the one most precious to me

Precious as the morning sun
Precious as the deep blue sea
Baby, you know you're the one most precious to me

Remember the man who selfishly gave to a chosen few
'Cause he, he thought the world owed him something
too
Make him feel like something more than a simple ol'
fool

You made me feel precious as the morning sun
You said that I was precious as the deep blue sea
Baby, you know you're the one most precious to me

Precious as the morning sun
Precious as the deep blue sea
Baby, you know you're the one

Precious to me

Precious to me

Precious to me
