Yesterday and tomorrow  
New born baby, no more sorrow

I feel the charge of shooting stars when I'm near you  
Cosmic rays shoot through my body while we play  
I'm forever changed when I'm all alone with you

I'll never get over the thrill of this love  
I'll never get over the thrill of this love  
I'll never get over the thrill of this love  
I'll never get over the thrill of this love

I felt the shock, my heart stopped... when I saw you  
I heard the screams of a new reckoning,  
From the edge of the bed  
And I'm moved when you try to do the things I do

And I cant get enough!  
I just can't get enough!

I'll never get over the thrill of this love  
I'll never get over the thrill of this love  
I'll never get over the thrill of this love  
I'll never get over the thrill of this love

Shout it out, I'm so proud I can see myself in your love  
Shout it out! Shout it out!  
Don't know how we ever made it this far without you  
around  
Shout it out! Shout it out!

Shout it out, I'm so proud I can see myself in your love  
Shout it out! Shout it out!  
Don't know how we ever made it this far without you  
around

I cant get enough!  
I just can't get enough of your love
