so this is your religion  
this is your religion  
this is your religion  
ooh

pray for sleep  
and wake for shine  
we must make haste now to wait in line

they're bleeding hearts and souls for us  
we're feeding fertile soil they're blood  
insatiable lust  
its never enough  
maniacal machine

wish away the time we've killed  
will not be reborn  
a wish fulfilled

they're bleeding hearts and souls for us  
we're feeding fertile soil their blood  
insatiable lust  
its never enough  
atrition for the maniacal machine

wish away the time we've killed  
will not be reborn  
a wish fulfilled

they're bleeding hearts and souls for us  
we're feeding fertile soil their blood  
insatiable lust  
its never enough  
atrition for the maniacal machine

expend another cog  
conversion red to green  
and move it right along  
faster and faster and faster and faster...  
faster!

live in destitution  
the only way they know  
be proud of your privation  
its profit for, its profit for  
the throne, the throne

its never enough  
never enough  
never enough!!  
attribution for the maniacal machine  
expend another cog  
conversion red to green  
and move it right along  
the maniacal machine  
expend another cog  
conversion red to green  
and move it right along  
and move it right along  
faster!

so this is your religion  
this is your religion  
this is your religion  
and it makes you come  
yeah it makes you come  
and it makes you come

we die and then you come alive!!  
blood will make this grow proud to make this grow!  
die so lords can live!  
the vampire feeds for this!!
