"Razing The Sun"

Visit "[Razing The Sun](#)" on MotoLyrics.com

the sun fell from the horizon
and again darkness was born
a silent supplication begs to
preclude this sinister war
which consumes them
but their was no answer
just a crack of a distant storm

and bekownst to all
the worst has yet to come
again darkness would fall
to obscure this sinister truth
i'll exhume it
here is the answer
i could destroy and save us all
the same fire that sustains us
to ignite the pain
and light the stage for the world to see

and the show will go on
or the show will go on
and as long as she burns
the show will go on
a nightmare keeps turning
we must raze the sun

bursting through the surface
mother drench me in your flames
i must make amends now
with the victims i have slain
i had to light myself on fire
just to get your attention
but you see the truth now
you know what to do now

or the show will go on
or the show will go on
and as long as she burns
the show will go on
a nightmare keeps turning
we must raze the sun

as long as she burns
the show will go on
a nightmare keeps turning
we must raze the sun

listen to the screaming of the devil
as he sees his dishevel reflection
the decrepit image
of a sinister man with a gun in his hand
verging on an apoplectic revalation
you need to weep
you need to

listen to the lord (cry!)
listen to the lord
listen to the lord
as he screams
listen to the lord as he weeps
listen to the lord as he sleeps
listen to the lord as he dreams
listen to as he's filled in every single pore
with every single pain from
every single war that'swaged in his name
listen to the lord
you need to cry right now

CRY!!

or the show will go on
and as long as she burns
the show will go on
a night mare keeps turning
we must raze the sun
and so she stopped burning
the visage of love
the night mare stopped turning
we razed the sun
