i'm tied into the pillary  
and i give myself away  
as you hide behind your eyes  
the burning the secret lights the sky  
god i pray for rain

is this real because we feel  
but you are numb so you can't heal  
you always were what you despise  
you never will realize  
i'm a figment in an empty space

a paltry pleasure lights your face  
when you see them all in pain  
they venerate their bane  
and they vilify the rain  
your honor you have failed  
in what you preordain  
and when you made me fear  
then you became afraid

a smile festers on your face  
i'm degraded and defiled  
the empie of disgrace  
burns a draconian fire  
god i pray for rain

and you won't find veracity  
for its veiled behind your eyes  
you always were what you despise  
you never will realize

i'm the scapegoat of your fate  
you're a figment in an empty space

a paltry pleasure lights your face  
when you see them all in pain  
they venerate their bane  
and they vilify the rain  
your honor you have failed  
in what you preordain

and when you made me fear  
then you became afraid

i'm pilloried  
i'm crucified  
i'm vilified  
sacrificed  
do our lachrymose eyes  
whet your wretched appetite

pilloried  
crucified  
vilified  
sacrificed!

i'm pilloried  
i'm crucified  
i'm vilified  
sacrificed  
do our lachrymose eyes  
whet your wretched appetite

they're killing me but i won't die  
vilified  
sacrificed  
sacrificed  
sacrificed  
SACRIFICED!!!

i'm tied into infinity  
i have made my sacrifice  
the burning secret lights the sky  
and you hide behind your eyes  
your a figment in an empty space

a paltry pleasure lights your face  
when you see them all in pain  
they venerate their bane  
and they vilify the rain  
your honor you have failed  
in what you preordain  
and when you made me fear  
then you became afraid
