"Waiting For You"

He's waiting for Friday night
to share it with his wife

Even though he knows
she's living in her world
in the world so closed

This weary sleepless night
In bed your empty side
He's sitting and waiting for you
You leave him hanging on

Knowing he's always there
Silent and taking care

But she cannot see
She is all he needs
But their worlds won't meet

Increasing sleepless time
In bed your empty side
He's sitting and waiting for you
You leave him hanging on

This weary sleepless night
In bed your empty side
He's sitting and waiting for you
You leave him hanging on
