My eyes are open with the lights off
And you're lying next to me
I can feel your heartbeat in my head
Always wanted this so bad
I close my eyes I think of you

No one who can tell me what I feel
You're the only one who ever knew
Building bridges to the moon
You believed we'd be there soon
I close my eyes I think of you

Dreaming, every night and day
Eldorado castles in the sky
Dreaming, circles in the sand
You make me believe that we are

Dreaming, every night and day
Eldorado castles in the sky
Dreaming, circles in the sand
You make me believe that we can fly

When I fall you're there to catch me
You give me faith in 'maybe if'
There's no use to live without
You next to me up in the cloud
I close my eyes and I am...

Dreaming, every night and day
Eldorado castles in the sky
Dreaming, circles in the sand
You make me believe that we are

Dreaming, every night and day
Eldorado castles in the sky
(Yes, I'm) dreaming, circles in the sand
You make me believe that we can fly...

Dreaming, every night and day
Eldorado castles in the sky
(Yes, I'm) dreaming, circles in the sand

You make me believe that we are

Dreaming, every night and day

Eldorado castles in the sky

(Yes, I'm) dreaming, circles in the sand

You make me believe that we can fly
