I've been trying to make you love me
But everything I try just takes you further from me
You don't love me no, no, so you treat me cruel
But no matter how you hurt me, I'll always be a fool

If you don't want me forever, if you don't need me
forever
And if you don't love me forever, take me for a little
while
I've got to make you love me for a little while
I've just got to make you want me, I've got to stop it

There should be a law and no matter how you put me
down
I love you more, I feel so helpless
And it ain't funny 'cause deep down inside I know
You're never gonna love me

If you don't want me forever, if you don't need me
forever
If you can't love me forever, take me for a little while
I'm gonna make you love me for a little while
I've got to make you want me, take me for a little while,
baby

Can't you see it's gonna be me
Take me for a little while, take me for a little while
I'm gonna tell you how I need you, tell me how I want
you
Take me for a little while
