"New Day"

Iâ€™ve got me a new day, Iâ€™m finding a new way of
tossing my doubts to the wind
Sunshine is streaming and faces are beaming,
Replacing sad eyes with a grin
Iâ€™ve got me a new day, Iâ€™m finding a new way of
tossing the past to the wind
Sunshine is streaming and faces are beaming,
Explaining this beautiful grin

Old things are losing ground, Fresh things are rolling
`round, Open the gates and come in

Iâ€™ve got me a new day, Iâ€™m finding a new way of
tossing the past to the wind
Sunshine is streaming and faces are beaming,
Explaining this beautiful grin

Wandering highways and beckoning skyways will lead
to adventures unknown
Butterflies drawing and chickadees calling: Embrace a
grand dream of your own

Iâ€™ve got me a new day, Iâ€™m finding a new way of
tossing my doubts to the wind
Sunshine is streaming and faces are beaming,
Explaining this beautiful grin
Got me a new day, Iâ€™m finding a new way of tossing
the past to the wind
Sunshine is streaming and faces are beaming,
Explaining this beautiful grin

Repeat

Repeatâ€¦
Sunshine is streaming and faces are beaming, A smile
only leads to a win - so win!
