Ice--

This aint no blair witch

beware bitch

Ill pick ur motherfuckin brain with an icepick

remember me

the V I C E

well heres my trilogy

Im outta captivity

rap cujo ya know my flow is ferocious

last survivor with a mouth full of cockroaches

I bring this hocus pocus

you're flying away

like the last days of the motherfuckin loafers

I'm the redneck in the moshpit

2 axes come in handy

to answer Violent J, ya damn right its a stanley

in the shadows of the dark with darkman like spawn

in the dash blazin it up with explosive bombs

I spit homicides like major cities at 11PM

while zipping bodies in the dungeon like the line at GM

ice mixed with blood is the killers milkshake

here with the clowns from the underground it's a lyrical

deathbreak

Chorus--

mass murders

natural born killas

im not fuckin around

icky icky ya ya

icky icky ya ya

mass murders

natural born killas

im not fuckin around

icky icky ya ya

icky icky ya ya

Darkman--

Disrespect me I'll run in your house

like puffin steam stout

break both your arms, gun in your mouth

knock your teeth out with the nose of the fifth

bullets bust through the back of your head ya die swift

fuckin wit tha clan, watch what you say

we kill niggas like the KKK

shoot you with an SK or a AK bitch you gonna die either

way

I'm a monster thoroughbred gun holding weed-head

cross me bet tomorrow you'll be dead

catch you at a show while you're chilling with your ho

and crack your skull with a bottle of Mo

I'm a Sing-Sing killer

gun groove captain

brooklyn home of the original gun clapping

gats get brung, niggas get done
sons lose fathers and mothers lose sons
I'm a killer

Chorus--
mass murders
natural born killas
im not fuckin around
icky icky ya ya
icky icky ya ya
mass murders
natural born killas
im not fuckin around
icky icky ya ya
icky icky ya ya

(Screams)

OVERDUB: To die is a fate that must come to us all
But how horrible to be buried alive
from the darkness they shuffle eyes glazed with death
hands clawing for blood!

Chorus--
mass murders
natural born killas
im not fuckin around
icky icky ya ya
icky icky ya ya
mass murders
natural born killas
im not fuckin around
icky icky ya ya
icky icky ya ya
