Saturday night, the club was packed but I can't get no  
action  
The girl I want is frontin' hard, I can't get no  
satisfaction  
Thousand people up in the club and the music's  
thumpin' hard  
I must admit that I was slightly anxious to have my card

Pooled by a girl in a nice tight dress  
The kind that makes ya body wet, hmm, I must confess  
I tried and she said no but fellas yo, I can't get no

I can't get no, I can't get no  
(Yeah, ya know what I'm sayin'?)  
I can't get no, satisfaction, ah, hey, hey, hey  
(Yep, yep)  
You know what I say, that's what I say, yeah

Girlie at the bar, lookin' mighty fly  
She look so fly at the time  
I had to make up, you know my mind

So, I walked up to her gently, just so I can speak  
Man, she turned around and scoped me down and  
started doin' the freak  
I tried all I could, I even said, please  
She moved my hands off her booty 'cause she was a  
skeeze  
Man, I had to escape, so I could get away  
I told her what was up, she said, "Come back another  
day"

I can't get no, I can't get no  
(Yeah, ya know what I'm sayin'?)  
I can't get no, satisfaction, ah, hey, hey, hey  
(Yep, yep)  
You know what I say, that's what I say, yeah

The party's almost over, the club's about to close  
I saw this girl who rocked my world, so I suppose  
I'll take another chance, a try at romance  
I couldn't take my eyes off the back of her pants

I moved very smoothly, a nice conversation  
The perfume she was wearing, ooh, sensation  
She seemed kinda worried, like something was wrong  
Tyson at my back, I had to move along

I can't get no, I can't get no  
(Yeah, ya know what I'm sayin'?)  
I can't get no, satisfaction, ah, hey, hey, hey  
(Yep, yep)  
You know what I say, that's what I say, yeah

I can't get no, I can't get no  
(Yeah, ya know what I'm sayin'?)  
I can't get no, satisfaction, ah, hey, hey, hey  
(Yep, yep)  
You know what I say, that's what I say, yeah

I can't get no, I can't get no  
(Yeah, ya know what I'm sayin'?)  
I can't get no, satisfaction, ah, hey, hey, hey  
(Yep, yep)  
You know what I say, that's what I say, yeah
