Je t'aime

Te amo

Aishiteru

Ani ohevet othka

I love you

The sounds are all as different

As the lands from which they came

And though the words are all unique

Our hearts are still the same

Love in any language

Straight from the heart

Pulls us all together

Never apart

And once we learn to speak it

All the world will hear

Love in any language

Fluently spoken here

We teach the young our differences

Yet look how we're the same

We love to laugh, to dream our dreams

We know the sting of pain

From Leningrad to Lexington  
The farmer loves his land  
And daddies all get misty-eyed  
To give their daughter's hand  
Oh maybe when we realize  
How much there is to share  
We'll find too much in common  
To pretend it isn't there  
Love in any language  
Straight from the heart  
Pulls us all together  
Never apart  
And once we learn to speak it  
All the world will hear  
Love in any language  
Fluently spoken here  
The rhetoric of government  
May keep us worlds apart  
There's no misinterpreting  
The language of the heart  
Love in any language  
Straight from the heart  
Pulls us all together  
Never apart  
And once we learn to speak it

All the world will hear

Love in any language

Fluently spoken here
