He was there in the shadow  
Saw her with the other man  
Kissing him in the twilight  
And he felt the tears of hate and rage again

She had sworn she would love him  
But she proved to be a bitch  
So he started his engine and way deep inside  
The devil - just turned on the switch

You're a  
Hellracer - lookin' for chaos  
Where will you arrive  
Ridin' the dark night  
Feelin' apartheid  
In destiny and life  
Just get on  
Hellracer - go for trouble  
Violence in your veins  
Let the speed thrill you  
Lovin' won't kill you  
Just tear away the chains  
And you'll be free  
You'll be free

As he followed the white line  
Felt the heat of burining tire  
In his rearview mirror  
He could see her laugh - her eyes on fire

In the morning they found him  
Heaven was his last exile  
His body was broken - his heart was smashed  
But on his face there was a smile

Just go on ...
