I'm happy to see we're still here  
I started to wonder  
I needed to see you stay near  
Through rain and thunder  
I just wanna satisfy my dreams  
But i promise to hold on  
Whatever you become  
There are things left undone  
But i don't care at all

In stormiest weather  
Things won't get better  
When we are together  
I don't care at all  
You sang me a love song  
Sent me an angel  
When we are together  
I don't care at all

Yes I don't care at all  
It's good to remember you

Thousand mistakes that I've made  
You always forgave me  
In our lives we love and hate  
Your kiss always set me free  
The way you can look right into me  
Wish it could last endlessly  
Needles and pins  
Will stay under our skins  
But i don't care at all

In stormiest weather ...

Yes I don't care at all  
It's so good to remember you
