You can't see the shadows in my daydreams
You won't feel the torture in my mind
Baby you don't realize
I'm lost in seary thoughts
At night - when i feel blind

Cause you never ever got to know my love
All i hide inside
What is creeping through my soul?
What is tryin' to take control?
Baby it's true - you
Never ever gotta go that far
You can find a key to the secrets of my heart
All you got to know is i
Got to get you

See me as an angel you could fall for
See me as the virgin you could try
Baby just imagine
I'm a wild thing you could tame
Feel fine - living with lies

Cause you never ever got to know my love ...

Baby you may know I'll never cheat you
You know my love is true
I hope you won't find aut
I hope you'll never know
What i - do know about you

Cause you never ever got to know my love ...

Never ever got to know my love
All i hide inside
What is creeping through my soul?
What is tryin' to take control?
Babe it's true - you
Never ever gotta go that far
You can find a key to the secrets of my heart
All you got to know is i
Got to get you
